	Housing association	22	11	34	9	31	26	100
	Private renters	59	10	69	6	8	16	100
	All tenures	51	8	59	3	28	10	100

Sources: Housing trailers to the 1981 & 1991 Labour Force Surveys; Survey of English Housing 2001/02; English Housing Survey Headline Report 2010/11.

Notes: Unemployed includes households that believe no work is available. Equivalent figures for 1984, 1988, and 1993/4 to 2008 can be found in earlier editions of the Review. From 2001/02 figures relate to the 'household reference person' rather than the head of household. In the results of the 2010/11 survey private renters were not divided between furnished and unfurnished.
