Notes: All figures relate to the UK. Average income data subject to variation in recording by different societies. From 1989 Q3 to 1993 Abbey National are excluded from data on the number of building society loans, but retained for other columns. From 1994 data is from the wider Survey of Mortgage Lenders. Average mortgage payments are calculated on the basis of a conventional 25 year mortgage, on the basis of the average building society mortgage rate for the year, adjusted to net repayments allowing for changes in tax and MTR rates, and the impact of the £30,000 limit on relief against the average advance.
