Notes: Local authority provision and investment figures for years to 1998/99 do not include credit approvals vired to Housing for Wales. Net local financial resources include the use of capital receipts and revenue contributions to capital outlay. They are also net of decisions by councils to use 'housing' credit approvals to finance investment in other services. For the years to 2001/02 net local financial resources are balancing figures between capital provision and outturn housing investment. For 2003/04 a rounded estimate is included based on the 2002/03 outturn. From 2004/05 credit approvals have been abolished as part of the new prudential borrowing regime.
