Notes: Figures for transfers between the General Fund and the Housing Revenue Account for the years to 1989/90 are the net result of transfers in and out of the HRA. Figures for housing subsidy in England and Wales from 1990/91 are for net basic housing subsidy (positive housing subsidy entitlements less negative subsidy entitlements). Housing benefit subsidy is not included in this table. Housing subsidy in England increased in 2001/02 with the introduction of major repairs allowances.
