Notes: Local authority average rents are for the April of each year; the guideline rents refer to the financial year. The average local authority rent for April 2005 is £55.55, and the average guideline rent for 2005/06 is £50.89. Housing association assured rents exclude service charges. Private market rents are those determined by the rent officer when referred for housing benefit purposes. From 1996 onwards these rent figures are affected by the new limits on rents eligible for housing benefit. 1988 housing association fair rents, and private fair and market rent figures are for the second quarter of the year. Earnings figures are average earnings for England for all adults in full time work. Fair rent and market rent figures for 2001 onwards were not available, at time of compilation.

Private sector rent figures are presented for all lettings, including the small proportion of unfurnished lettings. See previous years of the Review for rent figures for unfurnished dwellings only.
