- Notes:
1. Grants to housing associations and private developers are for both rent and sale schemes.
  2. Capital programme figures exclude investment in Scottish Homes dwellings and PES transfers from Scottish local authorities. They also exclude revenue grants.
  3. For the years prior to 1992/93, separate figures for expenditure on private developer and other environmental and social programmes are not available, and they are both included in the private developers' figures.
  4. Housing association Mid Market Rent (MMR) expenditure classified as 'private developer' activity.
  5. Private Finance for Private Developers in 2011/12 (row E) unusually high due to large number of MMR schemes delivered under the IIF Programme and a large 300 unit private developers' (GRO Grant) scheme.
