Notes: Income support and supplementary benefit figures for help with mortgage costs in Northern Ireland are from surveys undertaken in May each year, except 1997 which is for November.

For years where figures are not available for help with homeowner housing costs, a trend-based estimate has been included in the total help with housing costs figures for Northern Ireland. From 1997/98 figures for help with mortgage costs include assistance given as part of the jobseeker's allowance scheme, as well as income support. From 2008/09 figures for Homeowners include help under the income support, state pension credit, jobseeker's and employment and support allowance schemes.
