Notes: Homeless acceptances figures are for priority need households only, and exclude households found to be intentionally homeless. Due to rounding, some columns do not sum exactly to the specified national total.

From 2012 data are for the financial year beginning in April that year.

Regional figures for 2012 and 2013 are grossed up for missing local authority returns based on 2011 figures where local data have not been supplied. Regional grossing is consistent with DCLG England figures.
