Notes: 1. Prior to April 1983, supplementary benefit in respect of rent was generally paid direct to tenants. After that date it became housing benefit automatically paid direct to the local authority. As a result of that change those payments transfer from the rent paid by tenants to the rent rebate line. The rent rebate scheme was first introduced in 1972.

2. From April 1990, local authority subsidies were ended in England and Wales. Equivalent amounts were then included in the calculation of central government subsidy under transitional arrangements. Restrictions on local authority subsidies, leading to their phased reduction, applied from 1981/82 onwards in Scotland.

3. Figures in this table are derived from a different source from those for individual countries within the UK, and direct comparisons cannot be made.

4. The main components of this heading are: interest income, heating charges and other sources.
