Notes: The reduction in grant to the Northern Ireland Housing Executive (NIHE) in 1989/90 follows some £366 million of NIHE debt being written off. This had a neutral impact on the NIHE programmes. Budget provision for voluntary housing is net of capital receipts, and is adjusted to outturn. NIHE net lending figures from 1997/98 onwards are negative, as receipts and debt repayments exceed planned new investment. Figures do not include provision for Warm Homes grants. Figures for co-ownership are only available back to 2004/05; in previous years they are included in the voluntary housing figures. 2015/16 figures for total NIHE grant and net lending were not available at the time of publication.
