Notes: 1. Homeless acceptances figures are for priority need households only, and exclude households found to be intentionally homeless.

2. From 2012, data are for the financial year beginning in April that year.

3. Regional figures for 2012 and later are grossed up for missing local authority returns based on the previous year's data for the same area. Regional grossing is consistent with MHCLG England figures.

4. Due to rounding, some columns do not sum exactly to the specified national total.
