Note: Figures for the years to 1996/97 are for standard statistical regions; for 1996/97 and subsequent years figures are for government office regions. Government office regions that have different boundaries to standard regions are shown in italics below the standard region they replaced. From 2004/05 onwards the data are derived from the Stamp Duty Land Tax database. Regional figures may not add up to the 'England' figure due to rounding. Stamp Duty ceased being charged in Scotland from April 2015. From 2015/16 onwards the Scotland figure is for Land and Buildings Transaction Tax.
