Sources: Tables 28, 60, 64, 76, 83, 113 and 120; additional information from Scottish and Welsh Governments.

Notes: Renovation grants figures for homeowners are based on 95 per cent of total private sector grants; 5 per cent are apportioned to the private rented sector.

Costs of right to buy discounts are assessed to be those in excess of 32 per cent of vacant possession value (see Contemporary issues Chapter 1 in the 2006/07 edition of the *Review* for a full value for money assessment of the right to buy).

Where data are not available the splits between grant for social housing, and grant for LCHO schemes have been estimated.

Help with housing costs for homeowners does not include the value of either capital gains tax relief or the non-taxation of the value of owner-occupied dwellings. See estimates in various editions of the *Review*.

See footnote to table 120a for an explanation of the 2015/16 zero figure for council housing subsidies. No data on LCHO grant for 2015/16 were available at the time of publication.

See footnote to table 120a for an explanation of the 2015/16 zero figure for council housing subsidies.

No data on LCHO grant for 2015/16 onwards were available at the time of publication.
