Source: Office for National Statistics, claimant count and vacancies dataset.

Notes: 1. Figures are seasonally adjusted. Figures from 1997 are affected by the introduction of the jobseeker's allowance.

2. Figures for government office regions are unavailable for the years prior to 1975, except where they coincide with standard regions.

3. ONS caution that due to the impact of universal credit, the claimant count unemployment series may no longer provide a wholly reliable representation of the UK labour market.
