- Notes:
1. Properties taken into possession include those voluntarily surrendered. The UKF arrears figures are for the end of the year. Changes in the mortgage rate have the effect of changing monthly mortgage repayments and hence the number of months in arrears which a given amount represents.
 2. Arrears figures are for both homeowners and buy to let mortgages except for bottom row (of all 3+ month arrears cases) which is exclusively for homeowners. For arrears and possessions related to buy to let mortgages see Table 55.
 3. For intervening years before 2000, and the Janet Ford figures for 3-5 months arrears for the years from 1985 to 1994 see earlier editions of the *Review*.
