Notes: 1. For years to 1993 the data are for building societies only and average income data was subject to variation in recording by different societies.

2. From 1989 Q3 to 1993 Abbey National is excluded from the count of building society loans, but retained for other columns.

3. From 1994 price, advance and income data are from the Regulated Mortgage Survey and its predecessor, the Survey of Mortgage Lenders.

4. Average mortgage repayments are calculated on the basis of a conventional 25-year mortgage, the average annual mortgage rate and allowance for MITR until MIRAS was ended in April 2000.

5. For the years to 1996 mortgage rates are average year-end building society rates. From 1997 mortgage rates are average fourth quarter rates for all mortgage lenders.
