Sources: 1. LA housing capital investment - MHCLG Local authority capital expenditure and receipts, England: 2017-18 Final Outturn.

2. Private sector renewal grants, disabled facilities grants - MHCLG live tables 313 and 314 and from 2011/12 the LA housing statistics data returns. Also see Table 28. Data on disabled facilities grants are no longer collected.

3. HE affordable housing investment and capital receipts - see Table 66. There is a discontinuity due to a change in the previous HCA accounting conventions in 2011/12. HE/HCA investment/capital receipts includes earlier Housing Corporation spending where appropriate.

4. Affordable housing investment in London is funded through the GLA from 2012/13, and from that year is included within the total local authority housing capital investment figures, and not the HE/HCA figures.

5. Housing Action Trusts - UKHR 2010/11 Table 62 (old).

6. Local authority housing capital receipts (council house sales only) - see Table 61.

7. Housing association capital receipts equates to Table 71b 'surplus on disposal of fixed assets'. There is a discontinuity due to a change in accounting conventions in the 'Global Accounts of Private Registered Providers' from 2015/16 onwards. Later figures are taken from Global HA Accounts non-social activities.
