\* In previous editions of the *Review*, this was Table 80.

Sources: See Table 80.

- Notes:
1. Gross outturn capital expenditure by local authorities, new towns and the Scottish Government (historically, Communities Scotland and its predecessors). Includes estimates for the use of own resources for local authority capital investment.
  2. Excludes transfer payments for new town stock sold to local authorities, NLF repayments, corporation tax and housing association use of private finance. Also excludes current expenditure.
