Sources: Northern Ireland Housing Executive, NI Annual Housing Statistics Report, Family Resources Survey, Northern Ireland New Earnings Surveys, Annual Survey of Hours and Earnings.

Notes: 1. Earnings figures are mean Northern Ireland full-time earnings. Figures up to 1997/98 come from the New Earnings Survey, subsequent figures come from the Annual Survey of Hours and Earnings. The figures for 2002 onwards include overtime payments.

2. NIHE rents are for the December of the year.

3. Housing association gross rent figures include rates as well as service charges; from 2010/11 onwards they are also shown net of rates and service charges. Due to a change in methodology, no housing association rents data are available from 2016/17 onwards.

4. Private rents exclude rent-free lettings and come from the Family Resources Survey. Due to the small sample size the private rent figures for Northern Ireland should be treated with caution.
