Sources: Welsh Government, StatsWales - Social housing stock and rents, derived from data collected via annual returns from local authorities and RSLs each financial year.

- Notes:
1. Dwelling stock estimates are for 31 March each year and include permanent and temporary social rented dwellings but not property leased to another agency.
  2. Data for English registered RSLs with stock in Wales are excluded and numbers do not always sum precisely due to rounding and some minor data discontinuities.
  3. See Table 17a for earlier figures for housing association stock.
  4. Self-contained stock includes self-contained bedsits.
