Notes: 1. HMRC figures are non-seasonally adjusted, rounded to the nearest thousand and are based on transactions of £40,000 or more.

2. Property transactions are allocated to the month in which transactions were completed.

3. The introduction of Land and Buildings Transaction Tax (LBTT) in Scotland from 2015/16 and a Land Transaction Tax (LLT) in Wales from 2018/19 to replace Stamp Duty led to changes in the underlying data that may have led to discontinuities in the data.

4. Differences in national coronavirus controls and the temporarily increase in the nil-rate tax band for residential transactions may have affected transactions patterns across the UK in 2020/21.
